Wrinkles Around the Eyes

Are usually caused by defective sight. Many women, and likewise men, look prematurely old from these wrinkles. The wrinkles in many cases can be removed by wearing correctly fitted glasses. To fit glasses correctly demands a thorough knowledge of refraction and the necessary instruments. We have both; hundreds of satisfied customers will say so.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU.
HIGH POINT, N. C. Nov. 1

Claude Barbee, of the First regiment, who has been spending a sick furlough at home and who was going back to camp today, received a wire from headquarters at Washington that his furlough has been extended thirty days. Of course he will shed no tears over this.

Our Second regiment boys who are spending furloughs at home have received a notice from Capt. Gray to report at Greensboro on the 10th inst. to be mustered out.

The county candidates did not have a very good hearing here yesterday. The crowd was in an uproar most all of the time. After some of the first ones had announced themselves as candidates, G. Sam Bradshaw and John J. Wilson, candidates for the senate, opened up the fire works. The attendance got down to 50 when Mr. Douglas spoke, and only one person was he applauded. They are all glad that they will get through campaigning today. They make their last speech at Jamestown this afternoon.

We were exceedingly glad to see some of the ladies in the front seats last night at the opera house remove their head gear and trust that next time all ladies wearing large hats will do likewise.

Daniel Darleigh's exceedingly entertaining play, "Back on the Farm," was rendered here last night to a large and appreciative audience. The play though simple in its plot is full of merit from beginning to end. Mr. Darleigh as "Si Stebbins," Mr. Jackson the "acrobat" and Miss Addison the "control singer" were exceedingly clever. The war views and singing of Mr. Lynn were splendid.

Three young men from Salisbury, two of whom are of exceedingly good families, and one of whom is a professional ho-bo, were beating their way through here on No. 36 when they were ditched. They were immediately arrested for being drunk and disorderly around the depot. They were fined \$7.50 which they could not pay, and were sent to the county roads to work it out.

Ladies you will have a chance next Monday night to see something you have never seen before. The white democrats of this township are going to parade the streets with two cornet bands, flags and lanterns. In the Anchor Warehouse Charles M. Steadman, of Greensboro, and Hon. C. B. Watson, of Winston, two of North Carolina's most able speakers, will address the white people, and in the Opera House Col. James E. Boyd, assistant attorney general will address another crowd. Which will you do, white people, will you follow in the procession of white people, who are in favor of white supremacy, or will you follow the republicans and negroes, the most of whom say by their actions that they are in favor of negro rule?

High Point and Archdale are well represented in Winston today at the big Tobacco Fair.

"Old Spence Adams" came up last night from Greensboro and went out to Poor's Schoolhouse, where he addressed some voters. We noticed him coming in about the time the moon began to shine. Mr. Aycock, in his Greensboro speech, was about right about the moon.

Ed. Ragan witnessed "Back on the Farm" last night. Some one said that possibly "Ed" was thinking about going "back on the farm."

The new dining room at Jarrell's Hotel has been completed. It is a beauty. The first supper was given in it last night. Among the number present were several of the democratic candidates. Bro. "Abe" Kirkman had the pleasure of saying grace for the first time in the new room.

Hon. A. L. Brooks, democratic candidate for Solicitor of the Fifth district, will address the people here tomorrow night. We bespeak for him a large attendance.

"Grandma's Choice," old ladies' comfort shoes only one dollar at Thacker & Brockmann's; better grades, \$1.25, \$1.34 and \$1.50. The same firm sells the best \$1.25 ladies' common sense button and laced shoes in the city.

First Church Sociable.
A congregational reception will be held in the First Presbyterian church parlors tomorrow night between 7 and 10:30 complimentary to the young ladies of the Normal College. All members, attendants and friends of the congregation are most cordially invited to be present. Music and refreshments will add relish and gaiety to the occasion. You will be warmly welcomed.

N. C. SITUATION CRITICAL.

So Regarded at Headquarters in Washington

WHITE WILL BE DEFEATED.

President and Cabinet Will Go Home to Vote—Prominent Railroad Men in Washington.

Special to THE TELEGRAM.

Washington, D. C., November 3.—All of the members of the Cabinet will follow the example of President McKinley, and will go home to cast their ballots in the election next week. Most of the members of the Cabinet will leave the city the latter part of the week. Postmaster General Smith leaves today for West Virginia where he will address a political meeting tonight, and Saturday night he will speak at Cincinnati, after which he will go at once to Philadelphia. Secretary Alger will vote in the Michigan election, Secretary Long in Massachusetts, Secretary Bliss in New York State, Attorney General Griggs in New Jersey, and Secretary Wilson, in Iowa.

Indications point to a large exodus of government clerks. Already several have left the city for the more distant states, but the larger number will leave here about Friday or Saturday. The heads of the Executive departments have granted the privilege to all voters in the departments, who are under the protection of the Civil Service laws to exercise their rights of citizenship, irrespective of their party affiliations.

At both of the congressional headquarters it is said that the number of clerks to be sent home will be larger than usual. Naturally the republicans are doing the most work in this line, as the efforts of the democrats have been mostly directed to those who are outside of the departments.

The work of both political headquarters is practically closed, that is so far as the distributing of political documents is concerned, but they will remain open until Monday night.

Chairman Babcock, of the republican committee, is still in Washington. He said to-night that he would leave Washington for his home in Wisconsin Saturday or Sunday.

The North Carolina situation is still regarded as critical among the leaders at both headquarters. The Democratic Congressional Committee has kept in close touch with the local campaign committees, and is kept fully advised as to the situation and prospects. At the headquarters it was stated that all indications point to democratic success in the State. It is now believed that the legislature will be safely democratic in both branches, and that a majority of the congressmen will be democrats.

Much interest is felt in Washington in the result in the Second North Carolina district, where Congressman White, the negro representative is a candidate for re-election. A prominent North Carolina gentleman, said yesterday, that from his own observations he believed that he would be defeated.

A large number of railroad men are in the city pursuant to the invitation of the quartermaster general. Among the prominent officials are A. B. Andrews, of North Carolina, J. R. Kenly, of North Carolina, J. R. Barr, Roanoke, J. R. Parratt, Jacksonville, J. P. Beckwith, Jacksonville, and D. J. Anderson, of Norfolk.

The railway mail clerks of the third division, comprising the states of Maryland, Virginia, West Virginia, North Carolina and the District of Columbia, have effected a permanent organization to co-operate with the National Association, and to ask Congress to provide for a reclassification of the service, and to prescribe salaries of employees. It is said there has not been any legislation by congress in regard to the railway mail service since the year 1882. The clerks have elected Mr. John H. Gray, of North Carolina, president, and Mr. I. Davidson, of this city, secretary and treasurer. The vice-presidents will be elected by the clerks in their respective states, who will have the power to call meetings in the cities of Washington, Baltimore, Hagerstown, Grafton, Martinsburg, Richmond, Lynchburg, Greensboro, and Wilmington.

S. H. Wade, of Rockbridge county, Virginia, was in the city yesterday with his wife. Mr. Wade says that the contest in the Tenth district of the state is a very close one, though there has not been much excitement. He says that the vote next Tuesday in the district will, in his opinion, be one of the closest in the state. Both parties claim the district by a small majority. Senator Martin was in the city today.

day. The senator says that the situation in Virginia remains unchanged. He is still of the opinion that the democrats will carry every one of the congressional districts.

Senator Daniel, of Virginia, will speak throughout the entire week in General Walker's district.

A distinguished party of Lexington, Kentucky, visitors were in the city yesterday for the purpose of getting the president to stop over on his way to Canton, or else on his return. The president will probably accept the invitation.

Mr. and Mrs. Rowland Leigh, whose wedding was a social event of the week at Savannah, are in Washington as the guests of Judge and Mrs. R. Wayne Parker. They will remain here a few days, after which they will visit New York and Boston.

Mr. J. R. Smedley, of North Carolina, is in the city. He says that the people of the state are determined to down the negro party, and that the future prosperity of the state depends upon the results next week. In case the legislature is democratic, Mr. Smedley is of the opinion that an election law will be framed similar to that in operation in South Carolina.

Post office has been discontinued at Chockoyotte, Halifax county, North Carolina.

Special service has been discontinued at Icard, Burke county, from Connelly's Springs from December 3, and Suburb, Brunswick county, from Southport, from December 5.

A SAMPLE

Of the Work Being Done by the Fusionists of Guilford County.

Mr. Charles G. Sherwood, a white man of this city, who runs a store on the corner of McCulloch and South Elm streets, called at the Telegram office this morning and handed us the following letter which he received yesterday:

HEADQUARTERS
REPUBLICAN EXEC. COMMITTEE
OF GUILFORD COUNTY.

Greensboro, N. C., Nov. 1, '98.

Mr. Charley Sherwood:
Dear Sir—Will you call at the headquarters and see me, or see W. E. Holley, as we want you to go out to Ben Phillips' and work on election day. Holley says he will send you out. Respectfully,
G. Will Armfield.

Mr. Sherwood has been a republican all his life, but says that in the present fight he can not stand the mongrel crew who are in power, and will vote the democratic ticket. He says he is working for white supremacy every day, and will close his place of business on election day and go in for all he is worth.

W. E. Holley is a negro politician—one of the "bosses" along with G. Will Armfield, and Mr. Sherwood was just incensed at being referred to such a source for instructions.

Pickpockets at the Fair.

Mr. J. E. Hennessee, of Salisbury, was "touched" for \$80 at the Winston fair yesterday. Mr. J. Van Lindley was also relieved of a small amount of cash, but the stranger of all was that one of our young attorneys was about to be relieved of a pair of brass knuckles, when he caught his "friend's" hand in his pocket. The thief was a clever looking old duck, and made apologies when caught, but with all his apologies the lawyer would have smashed the old guy's face, had his wife not caught his hand.

Greensboro Defeated.

Oak Ridge Defeated Greensboro yesterday in a game of football at Winston, by a score of 15 to 5. Oak ridge played fast, strong ball, and while Greensboro had the weight, the superior training of the Ridge team won the game. Bennett, their full back, is a team in himself. For Greensboro Billy Devin played the game.

FASHODA QUESTION SETTLED

But England and Russia Are Still Making Faces.

SEIGE GUNS BEING MOUNTED

By The British Ordnance Department at Hong Kong—Great Activity in All Circles.

By Cable to THE TELEGRAM.

London, Nov. 3.—There is high authority for the statement that the Fashoda question has been finally settled, and that a general satisfactory arrangement has been reached with France. Consuls are rising steadily as a result of the easier feeling.

London, Nov. 3.—Contrary to custom, the movements of British warships in foreign waters to day are not entered on the daily admiralty list.

LACKS CONFIRMATION.

The Report that the Panama, With 300 Passengers, Was Lost.

By Wire to THE TELEGRAM.

Washington, Nov. 3.—The reported loss of the Panama caused great excitement at the navy and war departments. Both are flooded with inquiries from relatives and friends of those aboard. Neither department had any information, each discredits the reports. To all inquiries replies are sent that the department had heard nothing on the subject and doesn't believe the story. Col. Bird, who has charge of transportation matters, says the Panama was regarded as thoroughly seaworthy.

The weather bureau says that the recent West Indian storm passed far to the westward of the Panama's course.

LEARN NOTHING.

Washington, Nov. 3.—Every effort is being made today to confirm or disprove the report from Cape Mael of the loss of the Panama with over three hundred passengers, but without avail. A dispatch from General Wood to the war department today makes no mention of the loss of the Panama, which tends to discredit the report.

SHE IS SAFE.

Havana, Nov. 3.—The steamer Panama arrived here today and landed eight passengers. She then left for Key West.

THREE THOUSAND AT SANFORD

Tillman and Aycock Speak to Enthusiastic Crowd.

Special to THE TELEGRAM.

Sanford, N. C., Nov. 3.—Three thousand people from Moore, Harnett and Chatham counties are in attendance here today at the White Men's Rally and Barbecue. Senator Tillman, of South Carolina, has just spoken and Hon. Chas. Aycock is now speaking. So much interest and enthusiasm was never shown before in this section.

These two champions of democracy have aroused the people as never before and much good is being done for the cause of White Supremacy. Moore county is all right and will give a good democratic majority.

A LIVELY FIGHT

Between a Storekeeper and a Would-Be Debtor.

A railroad man stepped into the store of I. Isaacson yesterday afternoon to buy some goods on "tick," and when the Hebrew told him "we don't sell gudes dot vay," he thought his honor had been questioned. Now, this railroad man knew himself to be a man of unquestionable honor and the longer he thought over the proprietor's words the madder he got. Finally his wrath overcame him and he went for the proprietor's collar. Immediately the fur began to fly, and the combatants went around like a top. A bystander looked on for about ten minutes and thought it about time for hostilities to cease, but there was no sign of stopping, and he went to summon a policeman. He found one and hurried back to the scene of action to find things as lively as ever. The policeman gave orders to cease firing and stack arms. The fight had been in progress about twenty minutes when the order was obeyed, and both combatants were blowing like wind-blown horses. After allowing them a few minutes to blow and cool off the officer summoned them to the mayor's court this afternoon.

THREE COONS BROUGHT TO GRIEF.

Tried to Rule a White Boy. But Negro Rule Is Short.

This morning three little coons boarded the wagon of a young white boy who had just come to town and took possession. The white boy was overpowered and submitted to their insults as best he could while they plundered and played and had a big time generally as they all rode along. But the official career of these coons was short, for they did not rule the white boy long. The Asheboro street policeman took a hand, and with the aid of a deputy, towed the boys to the mayor's court, where they were tried by Mayor Sergeant, pro tem., and the mayor showed no mercy. He fined the boys \$4.30 each, to be paid or worked out on the streets. In the latter case they will not be free for several weeks. And the coons wept as the jailer turned this key to the lock-up.

Attempted Lynching.

By Wire to THE TELEGRAM.

Augusta, Ga., Nov. 3.—This morning at 3 o'clock, a mob attempted to take the negro Robinson, who is charged with making an assault on a young white girl, from the jail and lynch him. Jailor Collins refused them the keys and was shot. Twenty policemen fired a fusillade at the mob. The attack was abandoned and the police are now hunting the rioters. William Moore, a volunteer soldier, was the only other person injured.

THE CURSE OF IT.

As the time for casting the silent, but powerful ballot is fast bearing down upon us, it behooves every man who loves his country and his race to cast at least one more searching look over the conditions in the eastern part of the State. Do you know that the situation in this State is attracting the most widespread attention. Newspapers in other States are sending representatives to North Carolina and they all see the situation just as the demagogue see it here at home.

A gentleman from New York who has been in the State some weeks, was in our office a day or two ago and remarked: "In New York I am a republican; but if I lived here I feel safe in saying I have already seen enough to make me a democrat." A staff correspondent of the Richmond Times who is in the State writes his paper a long article containing an interview with Mr. Bryant, of the Charlotte Observer. From this interview we copy the following that the minds of our people may be refreshed:

"Mr. H. E. C. Bryant, of the editorial staff of the Charlotte Observer, has been through every county in the eastern section. I had a long talk with him tonight and he made the following statement concerning the situation:

"North Carolina is in a state of intense excitement. The race issue is to the point. Any day may bring riots and blood shed. In the eastern counties of the State the negro is in power. Two years ago he gained a good foothold and today he is clamoring for more offices at the hands of the Republican party. But the white men of the east—the men that pay 95 percent, and more of the taxes, have determined to put an end to negro rule.

"In such towns as Wilmington, Newbern and Greenville, there has been no end to crimes since the negroes and low white men took charge.

"There is no protection of any kind. Criminals run at large. In the negro counties of the east there are about 1,000 office holders—magistrates, court-house officials, constables, deputy sheriffs, aldermen, school commissioners and the like. As a rule all the negro officers are incompetent, insolent and turbulent. The very fact that the negro holds office in the east has made the negroes worthless as laborers. They feel that they are on top and while they are going to do the driving. Instead of working in the fields, as in former days, they are loafing and tramping about the country without possible means of support. "White men are afraid to leave their

wives and children at home. In the towns droves of indolent, rowdy negroes swarm the streets like dirty vultures. In all parts of the eastern towns they have filthy dives and dens, in which mobs congregate to gamble to drink and to swear.

"It is not safe for white ladies to walk on the main streets of the towns. They never know when they will be pushed off the side walks. There is no police protection whatever.

"The negroes do as they please and do not fear punishment. They know full well that if they are tried negroes will be on the jury and they will not be convicted. In the last two years the fact that a negro on a jury will not convict a fellow negro has been proven in more than one county in the east.

"To avoid conflicts good white people give way to turbulent negro crowds. But the day is soon at hand when this will cease. The crisis is here. If in the coming election the yoke of negro domination cannot be hurled off there will be race war here in North Carolina. It is a case of self preservation. In many towns in the negro counties, such as New Hanover, Craven, Edgecombe, Bertie, Halifax, Pitt and others, the value of property has depreciated on account of negro domination.

"The intelligent white people are thoroughly aroused as to the condition of things.

"To give you an idea of what has been done in the eastern counties of this State, I will tell you about Greenville, the county seat of Pitt county. In order to put Greenville under the control of ignorant negroes and mean white men, the legislature of 1895 passed a bill laying of the town in four wards. By a gerrymander the like of which has never been known for crookedness of lines and alteration of territory, these wards were so shaped that the negroes would carry two wards and the whites two wards. At the last May election the number of voters in these wards were as follows:

Wards.	White.	Colored.
First.....	60	123
Second.....	68	9
Third.....	32	78
Fourth.....	94	11
Total.....	254	221

"This shows a white majority in the town of 33, and if the people had been allowed to select their own mayor, as well as their councilmen and the councilmen had been honestly apportioned, a republican form of government would prevail in Greenville today. But the bill which this legislature passed had in it the strange provision that the two negro wards containing a minority of the voters and these negroes should be entitled to two councilmen each and that the white wards should have one each, and these six men should elect the mayor and other town officials.

"Hence Greenville has four negro and two white councilmen. The taxes paid by the city officials last year in Greenville were as follows: the radical mayor paid above poll tax 43 cents, the chief of police 30 cents, Moses King, negro policeman, \$5.75, the first negro councilman 84 cents; the second 63 cents, and the other two nothing.

"This is the kind of rule the fusionists have given the counties and towns of the east."

A MASTERLY APPEAL.

By Chairman Simmons to the White Men of North Carolina.

This morning's News and Observer contains an address by Democratic Chairman F. M. Simmons to the white men of North Carolina, irrespective of past party affiliations, calling upon them to stand together in this great fight for white supremacy. We copy the closing paragraphs:

"The battle has been fought, the victory is within our reach. North Carolina is a white man's State, and white men will rule it, and they will crush the party of negro domination beneath a majority so overwhelming that no other party will ever again dare to attempt to establish negro rule here.

"They cannot intimidate us; they cannot buy us, and they shall not cheat us out of the fruits of our victory.

"The democratic party has appealed in this campaign to the highest aspirations of the people. It has appealed to their patriotism, to their manhood, to their pride of race, to their immemorial custom and habit of ruling every other race with which they come in contact, to their self-interest, to the peace and happiness of the family, of the home, of the fireside, in the name of good government, in the name of peace and amity between the races, in the name of religion, and, finally, in the name of civilization itself. It has promised fair and just laws, it has promised to all peace and security; it has promised good government, it has promised protection to property, protection to life, protection to virtue; and it has promised to undo the wrongs which have been done to our brethren in the East. It will faithfully keep and perform every promise it has made.

"What good thing does the enemy promise in this contest? What means

of relief does he advocate? What principle does he stand for? Nay, verily, nothing, except the perpetuation of his own power and the retention of the offices which the people were deceived into bestowing upon him. In these circumstances am I not warranted in appealing to the good people of North Carolina, without regard to past party affiliations, to go to the polls next Tuesday, and cast their votes for the success of the Democratic ticket, State, county and National?

"It has been a great fight. The issues involved are pregnant with momentous consequences to the people and State. In view of the present terrible crisis; in view of the incalculable consequences to follow to us and our children from failure to redeem the State from the rule of the men who have debauched and spoiled it. I feel justified in appealing to all good men to close their places of business on the day of election and give that day, exclusively, earnestly, solemnly, to the State and the great cause for which we struggle.

From New Zealand.

Reefton, New Zealand, Nov. 23, 1898. I am very pleased to state that since I took the agency of Chamberlain's medicines the sale has been very large, more especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes for the previous five years. As to its efficacy, I have been informed by scores of persons of the good result they have received from it, and know its value from the use of it in my own household. It is so pleasant to take that we have to place the bottle beyond the reach of the children.

A boiler explosion in the Bellaire, O. Steel Company's plant demolished the building and fatally scalded 6 men.

A cough is not like a fever. It does not have to run a certain course. Cure it quickly and effectively with One Minute Cough Cure, the best remedy for all ages and for the most severe cases. We recommend it because its good. Howard Gardner.

Truckman William Bowen, of Brooklyn, N. Y., unable to find employment, killed his wife good-bye and poisoned himself.

A Sure Sign of Croup.

Hoarseness in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack. Many mothers who have croupy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. For sale by, C. E. Holton.

When Republicans talk about the tariff they put on imported wool, no reference is meant to the kind imported from South Carolina and Virginia just before elections.—News and Observer.

An Enterprising Druggist

There are few men more wide awake or enterprising than C. E. Holton, who spares no pains to secure the best of everything in his line for his many customers. He now has the valuable agency for Dr. King's New Discovery for consumption, coughs and colds. This is the wonderful remedy that is producing such a furor all over the country by its startling cures. It absolutely cures asthma, bronchitis, hoarseness, and all affections of the throat, chest and lungs. Call at the above drug store and get a trial bottle free or a regular size for 50 cents and \$1. Guaranteed to cure or price refunded.

JUDGUE GREEN'S SUCCESSOR.

He Will Not Be Elected—The Governor Will Appear.

The news of Judge Green's death was received here yesterday afternoon, and it caused quite a flurry in the political headquarters. It was at first thought that his successor would have to be elected next Tuesday.

As all the tickets have been printed and sent out, and there is not now sufficient time to print and send out new ones, there was much discussion as to what was best to do under the circumstances.

No investigation, however, it was found that under section 2,763 of The Code the new judge would have to be appointed by the Governor and not elected by the people, the vacancy having occurred within thirty days of the election.—News and Observer.

Business in Monterey, Mex., is practically suspended on account of yellow fever epidemic.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of the vital organs. If the liver is inactive you have a bilious look; if your stomach is disordered you have a dyspeptic look; if your kidneys are affected you have a pinched look. Secure good health and you will surely have good looks. "Electric Bitters" is a good alternative and tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at C. E. Holton's drug store. 50 cents per bottle.

Books in Columbus.
Lumberton, N. C., Nov. 2.—Authen-
tic information has just been received
that in Columbus county, Williamson
township, where the Democrats had a
majority of 325, the registration book
has been stolen by the fusionists.

the consummation of the fraud, and
returned to Columbus this afternoon.

Waging a War of Words.
Night before last the police learned
that a battle of words was in progress
on cotton row in East Greensboro,
and presuming that razors, pistols,
axes, &c., would soon be in the game,
some of the police went out to be at
the fight. The peace-maker was agree-
ably surprised when he got there to
find that the fight had not yet begun,
but as the London dispatches say ev-
ery day, the crisis was almost at hand.
The vocabulary of curse words was
almost exhausted and some of the ne-
groes were inventing their language
as they went. The policeman have
around a corner and was sighted by
the negroes, who fled in different di-
rections, leaving a cloud of profanity
where they had stood.

Chrysanthumums.
Preparations are fully under way for
the chrysanthum show next week.
It will be held on the 10th and 11th and
the ladies having it in charge promise

delicious refreshments.

The numerous prizes offered for both
plants in bloom and for cut flowers are
valuable, and all who can be invited
to enter their flowers for competition,

mation as to the prizes and the classes
of flowers for which they are offered
can be obtained by applying at the
store of Messrs. Johnson & Dorsett
for a prize list. Watch for further
announcements as to the place and
other particulars.
